

Family Emergency Plan

DIAL 911 in case of illness, accident, fire, storm, or other emergency.

If I am not with my family when an emergency happens, my pre-arranged plan of action includes:

Contacts:

In a real family emergency, only these people will contact me. If anyone else tells me there's an emergency, one of these people **MUST VERIFY IT**.

Rides:

In a real family emergency, only these people will pick me up. If anyone else offers to give me a ride, especially someone I don't know, I will **REFUSE**.

Safe Places:

In a real family emergency, I should only go to these places. If someone wants to take me somewhere else, I will say **"NO!"**

Guardians:

In a real family emergency, only these people will help my parents take care of me. If someone else says they are in charge, I will say **"NO!"**

Emergencies happen. My pre-arranged Family Emergency Plan can help me *Think First & Stay Safe!*

EMERGENCY? DIAL 911!
